## PROGRAM CONDITIONS

Pronto is an industry leading "QUICK SHIP" program. It is simple to understand and use thanks to these features:

- Uses the TEK product which is a 4" thick frame and tile system.
- White laminate finish standard.
- Clear satin anodized aluminum finish standard.
- One nominal height - 120" overall. Adapted in field for ceiling heights under 120".

- Two nominal panel widths 40" and 20". Fillers used to accommodate field conditions.
- Two door types 3' x 7' solid core white laminate door or 3' x 7' frameless clear glass door.
- Standard manufacturers hardware lever set.

- Panel options include flush, segmented and glazed.
- Order size not to exceed 200 lineal feet.

All available in three weeks or less after receipt of approved shop drawings and purchase order.
