GEMELLI

CWS

For environments that require a designer touch with higher acoustics we introduce GEMELLI. Featuring a 4" wide profile, giving options to a single offset or a double pane glass.

Multiple door options are available from sliding to pivot in a variety of types from glass to solid core wood veneer or laminate. Hardware is provided based on the project specifications and requirements.

DETAILS

- GEMELLI seamless glass system.
- Integrates with all CWS product lines.
- 3/8" or 1/2" tempered or laminated safety glass.
- Sliding and pivot doors.
- Solid core wood veneer or laminate doors.
- Framed or frameless glass doors.
- Anodized/Powder-coated aluminum trim finishes.
- Project specific: make to order.
