SLIM

CWS

SLIM, the demountable monolithic all glass wall for your house, public and commercial spaces, comes in 3/8"-1/2" thickness.

A rectangular extruded aluminum profile, 1" high, makes Slim design slender and essential. The glass securing system, complete with a snap-on pressure cover, blocks the glass sheet with high-performance acoustic balloon gaskets.

DETAILS

- Slim seamless glass system.
- Integrates with all CWS product lines.
- 3/8" or 1/2" tempered or laminated safety glass.
- Sliding and hinged doors.
- Solid core wood veneer or laminate doors.
- Framed or frameless glass doors.
- Anodized/Powder-coated aluminum trim finishes.
- Project specific: make to order.

Designed and engineered by Line Office
